THE SHOCKING revelations on the sale of dope to children have produced a demand for more severe federal sentences. This is not surprising. The average federal sentence for convicted dope peddlers for the 12 months ended June 30, 1950, was 23.1

A bill introduced in the House by Rep. Hale Boggs calls for sentences of two to five years for the first offense, five to 10 years for the second, and 10 to 20 years after that, with suspended sentences and probation permitted only to first offenders.

CAREER In Sales Work

If you would like to contact dealers in several counties, helping them to build a business that will benefit you; if you want a lifetime job that will not confine you to an office; if you are ambitious to earn \$10,000 or more per year according to your ability; if you are between 30 and 40 years of age, write to us today. (This opportunity may be near your home). We are interested in men who seek permanent connections. We choose deliberately, waiting for men who fit our needs. Men who have had some experience meeting the public and enjoy making new friends should be interested in this proposition. Sales experience although preferred is not a must. If you have pep, ambition, honesty and character you will be considered. We offer a thorough training course in our methods, products and sales techniques. A living expense allowance is given while you are in training.

If you are interested write TODAY to Walter H. Wuerdeman, 4558 Marburg Ave., Cincinnati 9, Ohio.
